Virtual Information Sessions
CBM Proposed Dance Pit Expansion

- The virtual information sessions are being hosted via GoToWebinar. We recommend using Google Chrome or Microsoft Edge browser. Internet Explorer is not recommended.
- Two virtual sessions are being offered in an effort to accommodate people's schedules.
- The virtual information sessions will be two hours in duration.
- Please note that CBM will present the same project information at both sessions.
- CBM and the project team will provide a presentation with information about the proposed Dance Pit Expansion. The presentation will be approximately 30 to 45 minutes in duration. Following the presentation, CBM will have a question and answer (Q&A) portion for the remainder of the session.
- The presentation will start shortly after the scheduled start of the virtual sessions. As a result, we kindly ask that you join the virtual sessions on time.
- The slide deck shared during the presentation will be made available on the Project website after the virtual information sessions have been completed.
- CBM looks forward to hearing your questions and having a meaningful and respectful discussion with attendees.
- Please note that the virtual information sessions will be recorded.
- If you have issues registering, please reach out to CBMDancePitExpansion@golder.com.

We have also prepared a hand-out on the following pages that provides guidance on how to join the virtual information sessions once you have registered.
